This is a sample panel listing for an approximate 10inch x 10inch sample only.

Your friends and guests will be envious over this beautiful Boston Ivy Green Wall. Unlike the real ivy kind, this edition is artificial and not poisonous. The beauty of this Ivy green wall pack is also that your Ivy Green Wall won't overgrow your space.

Measurements:

- Sample Panels are 10" x 10" - full panels are 1 square meters / 11 square foot per box (40inch x 40inch / 100cm x 100cm)
- By using the fake kind, you won't need to hire a gardener. Or worry about the cons real Ivy can present to your building structure.
- With UV protection built-in, this wall is great for indoors and **outdoors**.
- Zero maintenance means you can enjoy your green wall each day, without fuss or hassle.

Why choose the Boston Ivy Green Wall?

- Life-like foilage for your space.
- Ideal for walls, fences and balconies.
- UV Protected so your Boston Ivy won't fade or crack for years to come.
- Customize by cutting the Ivy to the shape orsize you need.

This panel pack is very dense in texture and has a stunning green wall to add to your evergreen garden.

- ✓ Instant Beautification
- ✓ Extremely dense and lifelike in appearance.
- ✓ High-quality UV engineered
