

Sample Panel of Mixed Artificial Boxwood Wall (Small Sample) Commercial Grade UV Resistant

Multi-coloured Mixed Artificial Boxwood Hedge Screens / Walls UV Stable

Order yourself one or many artificial vertical garden samples to check out in person just how amazing they look. **This sample listing is 1 small sample piece only (not a full panel), samples typically measure around 10inch x 10inch.**

We have just the solution for you - our artificial boxwood hedge walls are not only affordable and low-maintenance but they're also made with incredibly high-quality materials that will last for a lifetime. Each leaf is treated with our unique UV engineering technology, making sure that your faux boxwood shrubs will stay brilliantly green no matter what the weather.

No Maintenance Wall Decor That Looks Amazing

Plants can truly transform a space from tacky to cozy - but they can also be a pain to take care of. With our artificial boxwood hedge panels, you won't have to do any sort of gardening at all. Just treat it like you would any other piece of furniture or wall

Here are only a few things that you won't need to do for a fake boxwood hedge:

- Water it daily
- Stress about whether it's getting enough sunlight
- Install irrigation pipes, heavy metal backing, or plastic plant pots
- Worry about overgrowth
- Spend hours trimming and pruning it to your desired shape

Key Benefits of Your Artificial Boxwood Screen:

1. Easy to install (perfect for DIY) – instructions available [here](#)
2. Highly durable and reusable in different areas (interior or exterior).
3. Provides an evergreen setting.
4. Low maintenance – no watering, trimming or spraying required.
5. Easy to cut to shape and manipulate to size.
