Order yourself one or many artificial vertical garden samples to check out in person just how amazing they look. This sample listing is 1 small sample piece only (not a full panel), samples typically measure around 10inch x 10inch. Due to the lush nature of our vertical garden panels, sample squares will not always reflect the full variation of the panel as plants do vary.

Are you ready to instantly beautify your outlook? Whether you have a drab fence, entertaining area of wall that needs beautification we have you covered. Each leaf is treated with our unique UV engineering technology, making sure that your yellow faux boxwood hedge panel walls will stay brilliantly vivid no matter the weather.

Instant beauty without the hassle of ongoing work.

Plants can truly transform a space from tacky to cozy - but they can also be a pain to take care of. With our yellow artificial boxwood hedge panels, you won't have to do any sort of gardening at all. Just treat it like you would any other piece of furniture or wall.

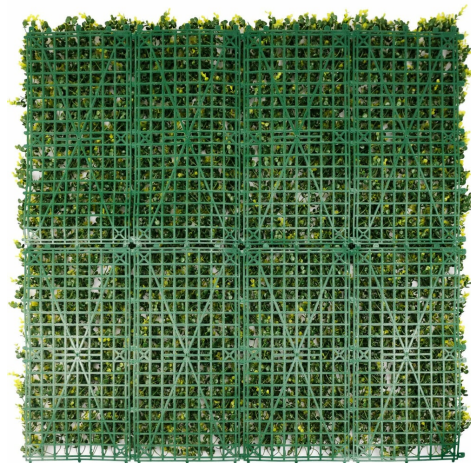

Here are only a few things that you won't need to do if you install an artificial boxwood hedge:

- Water it daily
- Stress about whether it's getting enough sunlight
- Install irrigation pipes, heavy metal backing, or plastic plant pots
- Worry about overgrowth
- Spend hours trimming and pruning it to your desired shape

Goes great both indoors and outdoors

Installing your artificial boxwood hedge is a straightforward and easy weekend DIY project. You can set it up anywhere you like - it looks great both indoors and outdoors!

Each boxwood panel comes with a click and join system, allowing you to join multiple panels effortlessly. Depending on where you want them, you can also trim the panels to your desired shape. Want a draping overgrown hedge look or would you prefer a more manicured finish? It's all up to you! We assure you that this will be one of your best DIY projects ever.

Crafted with our environment in mind

You can rest assured knowing that all our artificial boxwood hedge mats are ROHS compliant, REACH certified and manufactured under ISO standards for quality.

A brilliant solution to your privacy problems

Have you ever felt like someone is watching you even in the privacy of your own home? Chances are - it's your neighbors. Boost your home privacy with our faux yellow boxwood hedge panels. The dense foliage and interlocking grids can serve as a wonderfully discreet privacy screen.

You can mount your artificial boxwood panel right on your backyard fence, along your patio or balcony, or around any area that you want to keep hidden from sight, or simply with to enjoy looking at.
