You don't have to have a green thumb to have a beautiful tropical paradise.

Save hours of time every year

Investing in artificial plant wall décor can save up to hundreds of hours every year. It all adds up because having a real garde takes a tremendous amount of effort. You need to:

- Water it
- Trim it
- Ensure it gets the right level of sunlight
- Lay manure over it
- Spray it with pesticides
- Remove weeds
- Maintain it in dozens of other wise
- Stress all the time trying to keep it alive

You do none of that with a faux plant wall.

With this easy to install DIY vertical garden, you'll get to spend more time doing what you love, such as basking in your tropical paradise.
