

Dark Dark Green Extra Dense Boxwood Foliage 1m x 1m /40"x40" Vertical Garden Wall UV+ FR

NFPA / UV Proof Artificial Boxwood Hedge Panels - Commercial Grade & Extra Dense

Create instant greenery with our premium **UV-Protected Artificial Boxwood Hedge Panel**. Perfect for transforming plain walls, fences, balconies, or event spaces, this lifelike greenery panel offers easy installation, dense coverage, and year-round vibrancy—indoors or outdoors.

Why You'll Love It

Seamless Coverage:

Each panel measures 40" x 40" (1m x 1m), covering over 10 sq. ft.—ideal for both small DIY projects and large-scale installations.

Quick & Easy Installation:

Panels click together with built-in interlocking connectors and can be attached to any surface using zip ties, nails, or staples.

Built for Outdoors:

UV-resistant polyethylene ensures fade protection and long-lasting greenery, even in full sun.

Lush & Realistic Look:

Dense, two-tone boxwood leaves create a natural, full-bodied hedge wall that looks stunning from any angle.

Eco-Friendly & Maintenance-Free:

Made from recycled, non-toxic plastic—no watering, trimming, or upkeep required.

NFPA Tested:

Certified to NFPA standard 701 ensuring our artificial hedge wall is fire tested.
