Stainless Steel Hanging S Hooks 4.72 inches X 2.36 inches 25 Pieces - Stainless Steel S Hooks

Unlock the simplicity of hanging your artificial green wall with our premium Stainless Steel S Hooks. Crafted from high-quality stainless steel, these hooks are designed to handle any green wall panel, vertical garden disc, or artificial plant with ease. Ideal for situations where drilling is not an option—like balcony railings, colorbond fences, or exhibition walls—the solution is to hang it.

Unmatched Durability: Forged from high-grade stainless steel, our 4.72" x 2.36" S hooks boast rust-proof and corrosion-resistant qualities, enduring through time. They won't weaken or degrade, ensuring that artificial green walls, whether indoors or outdoors, stay securely hung.

Versatile Design: Beyond hanging greenery, their robust build makes them suitable for organizing kitchenware, garden tools and more. Their multi-use capability provides immense value, offering a range of solutions for home or business.

Safety and Ease of Use: With smooth, rounded ends, our S hooks prevent damage to surfaces and ensure safety. Their user-friendly shape allows for effortless installation and removal, suitable for all skill levels.

Please Note: These S hooks are not intended for structural, personal, building, or public safety applications.
