

## Premium Artificial Cypress Pine Tree UV Resistant – 47.2"(H) x 20.9"(W)

Bring timeless greenery to your space with our **120cm Artificial Pine Topiary Tree**, designed with lifelike pine needles and a natural conical shape. Whether styled at your home entrance, on a patio, or indoors, this versatile topiary adds an elegant, evergreen touch without the hassle of real plants.

Crafted with premium, UV-resistant foliage, this tree maintains its rich green color in both indoor and outdoor environments. Unlike real evergreens that require trimming, watering, and pest care, this artificial pine tree is **virtually maintenance-free**—just a light dusting keeps it looking perfect.

### Key Benefits

- **Realistic pine needle foliage** with a natural conical shape
- **UV-resistant materials** suitable for indoor & outdoor use
- **Low-maintenance design**—no watering or pruning required
- **Reusable & long-lasting** for year-round greenery
- **Versatile style**—ideal for doorways, patios, living rooms, or event décor

### Key Details

- **Height:** 120cm / approx. 4ft
- **Width:** 30–50cm (varies naturally for a realistic look)
- **Weight:** 5–6 kg (≈ 11–13 lbs)
- **Material:** High-quality, recyclable PE plastic
- **Usage:** Indoor & outdoor decorative settings
- **Base:** Sturdy black pot (ready to display or place inside a decorative planter)

## ■■■ Why Choose This Artificial Pine Topiary?

With its lush density, natural silhouette, and durable build, this artificial pine is the **perfect evergreen statement piece** for both modern and traditional spaces.
