

# Wall Plug / Nylon Plug (50) and Drill Bit Install Set

50 Wall Plugs (Nylong Plug) and 1  
Masonry Drill Bit

Brick | Masonry | Concrete | Rock | Sandstone

Elevate your DIY projects and Artificial Vertical Garden installation with our comprehensive 50-pack Plug, and drill bit kit, thoughtfully designed to cater to both metric and imperial measurement preferences. This all-in-one kit not only secures your green wall panels but is also a valuable asset for a multitude of home improvement tasks.

## Kit Contents:

- Wall Plug Screws: 2.7 cm (1.06 inches) screws, crafted to seamlessly pair with the washers, ideal for ensuring your panels stay put. Be mindful that these screws may extend beyond thin surfaces; using two washers or securing into a solid beam is advisable.
- Nylon Wall Plugs: Durable 5mm plugs are tailored for a tight fit and optimal hold, enhancing the stability of your installation.
- Drill Bit: An 8.5 cm (3.35 inches) long drill bit is included, perfectly sized to match the nylon plugs for a flawless installation experience.

Whether you're mounting to concrete, brick or another similar surface, this kit is designed for versatility and strength. Beyond its use for Designer Plants Green Walls, it offers exceptional value for any home improvement enthusiast seeking reliable fastening solutions at a competitive price. Purchase this kit and enjoy the convenience of having the right size drill bit on hand, along with quality screws, plugs, and washers for a job well done.
